## Profile

- Set in 3.1 acres of land the data centre is a 40,000 sq. ft building built to the highest standards.
- Meeting rooms, office space and kitchen facilities.
- 24/7 access & on-site support.

Host-IT has over two decades of expertise in managing data centres and providing comprehensive connectivity solutions. Our offerings encompass a wide range of fully managed services, including advanced managed firewall protection where required, with bandwidth options spanning from 10MB to 100GB across highly reliable, redundant networks. We streamline our clients' experience by consolidating colocation, power, and connectivity charges into a single invoice, reducing administrative burdens. Moreover, our dedicated help desk is always ready to support all the services we offer, ensuring seamless operations for your business.

## Services Available

Host-IT can supply the following range of services from this location:

Lockable ¼, ½ & Full racks

## WHEN YOU ARRIVE

### Entry Instructions

When you arrive at the main entrance during office hours:

Push the Bell button on the keypad. 

This will call staff in the Milton Keynes Data Centre.

Staff will verify your appointment and open the gates for you.

In the unlikely event that the intercom call is not answered, please call our normal office number: 0344 745 1300
